

WHE's Healthy Homes Asthma Program

Our Healthy Homes Asthma Program offers resources and repairs that may help improve the health of children with asthma by improving the health of their home.

POSSIBLE INTERVENTIONS

- repairing leaking windows, downspouts, and roofs
- installing kitchen and bathroom exhausts and basement dehumidifiers
- repairing general safety hazards
- sealing water and pest infiltration points
- eliminating lead-based paint and radon hazards

DO YOU QUALIFY?

- Are you a renter or homeowner in Allegheny County?
- Does your household's annual income (pre-tax) fall within these limits?
- Is there someone with asthma living in your home?
- Are there children living in the home?
